WITH ONLY 29 EURO PER MONTH (LESS THAN 1 EURO PER DAY) YOU CAN CHANGE THE LIFE OF ONE OF THE HISANY ORPHANS

TANZANIA IS THE 16° POORER COUNTRY IN THE WORLD. MALNUTRITION, DISEASE AND LACK OF EDUCATION CONTINUE TO BE MAJOR PROBLEMS

The basic right of access to **health** care has become a good accessible only to those who can pay; the spread of HIV/Aids has further aggravated this highly precarious situation.

44% of children under 5 are underdeveloped.

Education in Tanzania is in a very deep state of crisis; according to recent statistics, to date 22% of the children still do not finish primary school and **less than 20% have access to secondary school. More than 2 million school-age children do not access school, while those who do find an increasingly low quality of teaching, extreme lack of textbooks and deteriorated school buildings.**

Orphans and abandoned children are alone, nobody takes care of their food and they have to work to eat, nobody takes care of their education, so they cannot go to school.

FILIPPO ASTORI ONLUS NGO was born in 2005 in loving memory of Filippo to carry out the projects in which he believed

"It is only through knowledge, education and culture, that peaceful and democratic consciences can develop and take into due consideration the needs of others".

Why should I choose the "Sponsor a Child" with the Filippo Astori NGO?

Because our NGO is an association without personnel expenses, everyone is volunteer and so every penny raised has always been used and always will be used to raise the children of the **"Hisani" orphanage in Tanzania.**

By activating remote support with our NGO, you can change the life of a small Tanzanian: with only 95 cents a day that child will have what he needs: food, water, medical care and primary education (up to 14 years of age).

"I used to go to school, it was nice, now I'm left alone and I can't go anymore"

Tomorrow I will be back to School! Asante sana!"

The method is very simple: send us the form you find on the above page or contact us by mail, phone or Facebook

When you have activated your **"Sponsor a Child"** support, you will receive a photo/picture of the child assigned to you together with a card with his story. This will be the beginning of a special bond between you and the child you will support, two distant planets that will become closer through a small Tanzanian child. **It will be an emotion to follow him in his/her growth, to see the concrete results of your support.** When you want to visit that child it will be a joy for both of you!!!
